#### Mercury Stationary Retrograde in 02nd House

The coming three weeks mark a period when not only hedging your bets but replacing your wagers may be just the right thing to do. When resources come up short, don't hesitate to reallocate them in order to provide yourself a firm foundation and a springboard to the future. Redesign with an eye toward giving yourself some extra padding, rather than relying on last-minute income to fill in the gap. Less is more when you streamline your operations, and that may include reshuffling the way you present yourself on a day-to-day basis, in order to become a better part of the flow of life around you.

#### Mercury Stationary Direct in 01st House

After three weeks of readjustment, you can start getting plans back into shape for going ahead, which includes some new feathers put on your personal image. You may find you have discovered some improved ways of fitting your own leadership into the mix, which will firm up during the next few weeks and everyday rhythms get renormalized. Although it might not have seemed so a couple of weeks ago, you're increasingly glad to have had the opportunity to edit your life a bit so you can better exploit your position both socially and financially during the next month or so. Some changes will be momentary, but some will last.

Sometimes assumptions about those most close to you can turn out to be misperceived, and the next three weeks gives you a chance to take a second look. You can nip problems in the bud and smooth potentially ruffled feathers, including your own, where things have been taken for granted and are slowing down progress. Mending ties to others can make for stronger relationships if you are ready to address small problems and so prevent them from growing. In the same way, good fences make good neighbors, and keeping your own integrity may be part of it, so don't do others' jobs, but let equality have play.

#### Mercury Conjunct Uranus (Retrograde)

Mercury pirouetting on your Uranus could be just what you need to provide that sudden flash of inspiration you've been waiting for. It's less likely to be about the totally new, but more about new light on older inspiration, ways to make approaches work that weren't quite all there before. If you haven't quite arrived in some area and wonder why, now's the time for the internal rewrite that taps into the mother of all inventions, your inner muse. Don't hesitate to smash idols with feet of clay, break down walls, and clear the decks. You can't rebuild to suit your taste until you've got the space to do it and some elbow room.

#### Mercury Stationary Direct in 07th House

As you turn the corner toward clarity after a few weeks of unasked-for change, you realize that no one was to blame. What seemed like mistakes were simply different roads to the same destination and it's clear that keeping your eye on the ball and not on the pitcher is the only way to go. Resolving differences is the surest way to a strong partnership, especially when driven by a common goal. You can look forward to a backward look that may give you a boost in the coming month or so, so keep those eyes in the back of your head wide open. Tomorrow's prize lies in the hand of another, so be ready to shake it.

#### Mercury Conjunct Uranus

Mercury stepping out again on your Uranus can bring sudden flashes of insight, unexpected turns of events, and unheralded messages from surprising quarters. When inspiration strikes, be ready to write it down -- get it on paper, before you forget it or someone else tries to deny it. Don't tie yourself down right now, or you might lose the ability to go with the flow when a breaking wave strikes. If it ain't fixed, break it and go for something entirely new -- cut the

Mercury Conjunct Midheaven (Retrograde)

As Mercury backs off your Midheaven, you will do well to take a second look at what people are saying about you and how well you are projecting the image you mean to. Are you flying the right flags to get what you want? Do people really understand your message and your achievements, or are you taking certain elements for granted? In matters of importance, don't make assumptions but enlist others for a second opinion if possible. If there is any time to tweak your resumé, the next few weeks are definitely it, and the only one who will do it right is you.

Mercury Stationary Direct in 09th House

After a few weeks of uncertainty about the big picture, your panorama on life returns somewhat amended. False starts have led to a focus on correcting details that have distracted from the overall plan, but these are being put behind you so you can return to your former path with a steadier hand on the helm. What you are putting together now will shortly have a direct effect on what people will be saying about you and your career plans, so don't toss off your ideas lightly. You will have the opportunity to impact your surroundings more than you think if you choose to, but you must make the choice.

Mercury Conjunct Midheaven

Mercury getting back into gear on your Midheaven means that word about you starts to spread after a period where you might have thought yourself neglected. The flag on your topmast is coming into view, so make sure your flying colors are the colors you really intend to fly by. Self-promotion leads to others promoting you in turn, so it pays to advertise. When it comes to brand recognition, make sure it's your brand they ask for, your style they distinguish and think distinguished. When your reputation is at stake, stake it out and mark out your territory.
